Carefully read the "Certification Renewal Policy" before beginning to fill out your log.

INSTRUCTIONS

1. This personal log (diary) should be used to keep a record of all your renewal activities as they occur. You should keep this log, a copy of the renewal policy, and all supporting documentation in a single, convenient, and secure location.
2. The Declaration and Release must be signed and submitted with ALL renewals. Failure to complete this step could prolong the renewal process. It is recommended that you complete a separate log for each certification you wish to submit for renewal.
3. Your accumulated points will come from Continuing Educational Units (CEUs), TARP points, relevant educational sessions, attending the current certification course, or a combination of CEU and TARP points during the three-year renewal period. For required points and hours see the attached Certification Renewal Policy.
4. When filling out Section A, the hours associated with each specific certification should be logged. All information requested and the appropriate renewal fee must be submitted at the time of renewal. If this is not done it could prolong the certification holder's renewal.
5. **A random sample of all completed Renewal Applications will be selected for audit by IMSA. If your application is selected, you will be asked to submit documentation to support the information on your Renewal Application Form.**

SECTION A. CERTIFICATION AND TRAINING

Certification Renewal Policy

- I. All current certification certificates are valid for a three (3) year period from date of issue. The expiration date of all current certifications can be found on the certificate(s) and certification card(s).
- II. **Options for Renewal.** There are three options for renewal of IMSA certifications. Individuals may choose any one of the options. The renewal requirements must be completed prior to the expiration date of the individual's current certification(s).

A. Educational Units

1. **Technical/Vocational course work for minimum one (1) quarter or one (1) semester with a 'C' or higher passing grade.** The course work must be directly related to the certification(s) being renewed.
2. **Continuing Education Units (CEU).** The training must be directly related to the certification(s) being renewed.
3. **Technical Advancement Recognition Points (TARP).** In order to use this option an individual must be a member in good standing of IMSA. Your Section Certification Chair or a TARP representative gathers and submits these earned points on your behalf, to the International Office for logging in a database. Individuals should also record these points on their personal logs.
4. **Renewal Hours by Personal Log (Members and/or Non-Members).** Individuals must complete a personal log or diary of their continuing education by documenting training and/or certification(s) received. The training must be directly related to the certification(s) being renewed. For the training to be valid it must be signed by one of the following: the speaker of a session, moderator of a class, supervisor or your IMSA Section Certification Chair. Personal logs may be downloaded from the IMSA Web site at <http://www.imsasafety.org/renewal/renewal.pdf>
5. **Combination of 2, 3 & 4 above.** For *example*: A combination of CEUs and TARP points may qualify an individual for certification renewal.

All educational units must be completed within the three (3) years prior to the certification(s) expiration date(s). All training documentation is subject to audit by IMSA's International Office.

Each IMSA certification has a defined number of required educational hours based on the level and type of certificate as follows:

Traffic Signals, Signs and Markings, Roadway Lighting, Fire Alarm, and Public Safety Telecommunicator require a total of sixteen (16) hours of education. Work Zone Safety and Flagging require a total of four (4) hours of education.

Sixteen hours is defined as 1.6 CEUs, or 64 TARP points or 16 renewal hours.

Four hours is defined as .4 CEUs or 16 TARP points or 4 renewal hours.

B. **Attending the Current Certification Course** This option requires the individual to attend the current 16-hour certification course without taking the exam. Individuals will be responsible for documenting their attendance in their Personal Log and shall have it signed by the moderator. BE SURE TO SIGN THE CLASS ROSTER AS IT WILL BE AUDITED. **You may ONLY use this option within “one year” prior to the expiration date.** Please note: Traffic Signal Level III and Signs & Marking Level III courses will only count as 8 hours of training (16-hours of training is needed to complete the renewal process for these Level III programs.)

C. **Higher Certification Level** Achieving the next higher certification level in each specialty, will result in a new three year certification; therefore, renewal of your existing certification will not be necessary. For example: An individual with a current Traffic Signal Level I certification who passes the Traffic Signal Level II certification course will receive a new certification level which will be due for renewal three years from the date printed on the new certification.

III. **Documentation.** It is the certificate holder’s responsibility to submit documentation to the IMSA International office for renewal utilizing “Educational Units” including TARP points and Personal Log/Diaries. All required documentation and the appropriate fees shall be sent in **one mailing** to IMSA prior to expiration date.

IV. **Renewal After Expiration.** For individuals with an expiration date on their certificate(s), if the certification is not renewed by the expiration date, the certification will lapse. The lapsed certificate holder will have one (1) year after the expiration date to reinstate their certification by documenting sixteen (16) hours of training through IIA or IIB. If the certification is not reinstated within one (1) year after the expiration date, the individual must renew through the normal certification process by taking the current certification exam at the highest level previously attained and paying the regular certification exam fee. The renewal fees do not apply to this method of certification; only the regular certification exam fees will be due. Retake of prerequisites will not be required. IMSA will not recognize any IMSA certificate(s) without an expiration date.

Renewal Fee Schedule

MEMBER:		NON-MEMBER:	
1 Renewal	\$40.00	1 Renewal	\$60.00
2 Renewals	70.00	2 Renewals	90.00
3 Renewals	90.00	3 Renewals	110.00
4 or More Renewals	100.00	4 or More Renewals	120.00

The renewal fee schedule is based on an individual’s certification, not an agency/employer group rate. If you are not a member of IMSA and would like to receive the discounted member rate, you may visit our website at: <http://www.imsasafety.org/membshp.htm> to apply.
