

## **Traffic Engineer**

ROWE Professional Services Company is a leading civil engineering and land surveying consulting firm headquartered in Michigan. We are actively seeking a highly motivated Traffic Engineer for our corporate and/or Farmington Hills offices. Successful candidates will be resourceful, quick learners who are able to work independently on a variety of tasks specific to traffic and transportation engineering. General responsibilities will include completion of traffic impact studies, site plan reviews, traffic signal design, traffic planning and design, and parking studies. Qualified candidates will also be involved in traffic operations studies, safety studies, long-range thoroughfare planning and participation in client meetings. Qualified candidates must be able to demonstrate their knowledge of traffic engineering fundamentals, industry trends, intelligent transportation systems and must be very familiar with the Michigan Manual on Uniform Traffic Control Devices, the ITE Trip Generation and Parking Manuals and the Michigan Department of Transportation Electronic Traffic Control Device Guidelines. Broad knowledge and understanding of requirements for traffic signals, pavement markings and maintenance of traffic are also a plus. Candidates must have a bachelor's degree in civil engineering specializing in transportation, a Michigan PE license or the ability to obtain one within a reasonable time period, PTOE certification preferred. The candidates must also be proficient in Synchro, SimTraffic, MS Word, Excel and PowerPoint and have knowledge of Microstation or AutoCADD software. ROWE offers competitive wages and an outstanding benefits package including medical, dental and vision insurance, a generous PTO program, flex-time, 401(k) with company match and much more.
