Signs & Markings Technician, Level 1 Certification Program

A Sign & Pavement Marking Technician Level I should, by nature of his certification title, have mastered the basic principles behind signing and pavement marking. Although the individual may have had extensive field experience, he will be required to take the 100 question multiple choice exam to communicate this knowledge. The recommended way to prepare for the examination is to review topics that will be covered in the program. Level I program material is contained in the MUTCD and will include the topics listed below. A passing grade requires a 70% score on the exam.

Regulatory signs	Warning signs	Traffic control in school zones
Guide signs	Bicycle traffic control	Safety and temporary traffic control
Installation of signs and markings	Marking's and markers	Emergency management signing

Prerequisites: IMSA Michigan Temporary Traffic Control certification or approved equivalent
