Michigan Temporary Traffic Control Certification Training

The MMTTC certification program is designed for persons who will be assigned Traffic Regulator duties, lead workers, supervisors that will install and review traffic regulator operations and engineering staff that will develop temporary traffic control. This program is designed to exceed the Michigan DOT requirements to be a Traffic Regulator. MTTC deals specifically with the requirements of the 2009 Manual on Uniform Traffic Control Devices, Part 6, the MMUTCD and the authority, obligation and training of Traffic Regulators. The MTTC program promotes the proper use of traffic control devices, traffic control procedures, MiOSHA requirements, safety apparel and general traffic safety. This program highlights requirements for signing, special Traffic Regulator operations, including single and intermediate Traffic Regulator, Haul Road operations and the use of police officers.

Employers are responsible for properly training employees in the installation, inspection, operation and maintenance of temporary traffic control devices. This one-day program, divided into ten segments, incorporates a post-training quiz following each segment. Upon conclusion of MTTC, participants should be prepared for the 100 multiple choice question certification examination. 70% is required to successfully pass.

Date	May 2, 2014	7:30 am - 4:30 pm	Course material and exam
Location	City of Ferndale , 521 Cambourne, Ferndale, MI 48220 248 546-2519		
Instructor	Mr. Bill Jackson, Road Commission for Oakland County, Moderator		
Cost	Certification: \$260.00	Audit or Re-Certification: \$160.00 (no exam)	
Registration	Download Master Registration form directly from www.imsaMichigan.org . The <i>Work Experience Verification Form</i> must be attached with your reservation.		
Study Guide	Study guides are printed on demand and must be ordered 30 days in advance directly from the International office @ 800 723-4672.		
Meals/Lodging	Breaks and lunch are included. Lodging is not provided.		
Time	The course will start promptly as scheduled. Please be on time.		
Prerequisite	This is the first required step for all subsequent IMSA <i>Certification</i> training. MTTC requires one (1) year road work experience including traffic regulating and successful passing of the course before certification can be issued. However, you do <i>not</i> need one year experience to participate in the course. Please visit our website (www.imsaMichigan.org) for additional certification details.		
Work Experience Verification Form	This form <i>must</i> accompany your course registration. Download from our website under Certification > Master Reservation Form.		
Study Guide	It is highly recommended to order the study guide as soon as possible. Previewing course material and chapter quizzes will have a positive impact on your success when taking the exam.		
Questions	Please contact Julie Cremonte/Carrier & Gable @ 249 477-8700.
